PROFILE

I am a dedicated professional with 3+ years of leadership experience in telecommunications and a strong foundation in full-stack development. After completing a rigorous software engineering bootcamp, My goal is to leverage my technical skills and leadership experience to build impactful digital solutions and collaborate with innovative teams.

SKILLS

Technical Skills:

- Full-Stack Development: HTML5, CSS3, SASS, Tailwind, JavaScript (ES6+), React, Node.js, Express, SQL, NoSQL
- Responsive Web Design, Media Queries, and Mobile-First Design
- API Integration, User Authentication, OAuth
- DOM Manipulation and Web APIs
- Agile Development, Version Control (Git, GitHub)
- MySQL, Heroku, Jest

Additional Skills:

- Problem-Solving in Programming
- Microsoft Office Suite
- Salesforce

PROJECTS

Lead Developer | [Active Circle](#) Capstone Project

NOV 2024, BRAINSTATION CAPSTONE

- Independently developed *Active Circle*, a fitness networking app connecting users with shared fitness goals.
- Built using the MERN stack with user authentication and real-time event mapping via Mapbox API.
- Created a responsive, modern UI with Tailwind CSS and integrated dynamic event filtering based on user preferences.
- Delivered a fully-functional prototype with a focus on scalability, usability, and clean code practices..

Full-Stack Developer | [Instock](#) Project

OCT 2024, BRAINSTATION PROJECT

- Collaboratively built *Instock*, an inventory management system for a Fortune 500 client, addressing scalability and performance issues.
- Developed a full-stack application with a React frontend, Express backend, and SQL database using Agile and Scrum methodologies.
- Utilized Git, GitHub, and Jira for project management and efficient team collaboration, ensuring on-time delivery of a scalable solution.

EDUCATION

BrainStation | Diploma, Software Engineering

Aug 2024 - Nov 2024, NEW YORK, NY

Cegep de la Gaspésie et des Iles | Post Grad Diploma in Mobile Application Development

Feb 2018 - Aug 2019, Montreal, QC

EXPERIENCE

Assistant General Manager | AnswerNet

SEP 2020 - SEP 2024, Winnipeg, MB

- Led a team of 30 agents, ensuring optimal performance and consistently achieving monthly KPIs.
- Managed client expectations and successfully coordinated operations across different time zones.
- Orchestrated emergency response during system outages and technical issues, minimizing client impact.
- Trained and mentored new hires, improving overall team efficiency by 15%.
- Developed leadership and operational strategies, maintaining service continuity under pressure.
